

2023 WEI Boston Conference Program & Schedule(Draft)

July 25-27, 2023

Organized by the West East Institute
Boston, USA

Venue Address:

Harvard Faculty Club

20 Quincy St, Cambridge, MA 02138, United States, Boston, USA

Having established *the Journal of WEI Business and Economics* and *the West East Journal of Social Sciences* over 6 years ago, The West East Institute is becoming known for publishing quality research for the benefit of the global academic community. We also sponsor several international conferences annually attended by a diverse array of academics and professionals from many nations, cultures, and religions around the world. These conferences are intended to promote excellence in academic research and provide a platform for academics and researchers to share their completed and ongoing research and network with colleagues. It is also a welcoming environment for graduate students to present their work and receive valuable feedback.

Each conference has two broad tracks: Business, Economics, Finance, & Management; and Education, Humanities, & Social Sciences. At our conferences, not only may many nations of the world be seen in each session meeting room, but a diverse array of topics of enquiry may be encountered.

Our publications and conferences represent the community of nations. Diversity of culture, ethnicity, and religion is paired with a common, unifying purpose of excellence in science and philosophical enquiry. We look forward to seeing you soon at one of our several conferences held around the world each year!

Dr. Rutherford Johnson, PhD, FPRS, FRGS
University of Minnesota
General Conference Chair
West East Institute
